

CEFGA MAKES AN IMPACT!

We put people to work in the construction industry. We exist to create success stories. They are "THE WHY" that drives CEFGA and all that we do as an organization.

CEFGA cultivates a long-term workforce with youth from the K12 Pipeline and CareerExpo programs. CEFGA also addresses immediate labor shortages with adult Construction Ready participants who are screened, trained, drug-free and ready to work.

SUCCESS STORY

For me, to just get up every morning and say to myself, my kids and my fiancé, "I'm going to work and I'll see you all later," is a blessing from up above.

– Jermaine McCann | Precision Concrete Construction Ready at Build Cobb Graduate
[READ MORE at cefga.org/training](http://cefga.org/training)

Placement rate since inception (2014): **94%**

89% of graduates still employed after 90 days

550+ graduates hired by **140+** employers since 2014

\$13M+ in wages earned by graduates since 2014

SUCCESS STORY

After high school, I began a five-year, journeyman electrician apprenticeship with 1electric. Upon completion, whether I go to college or not, I'll always have the ability to make a very good living.

– Cameron Gorin | CEFGA Certified Program K12 Pipeline at Kennesaw Mountain High School
[READ MORE at cefga.org/k12](http://cefga.org/k12)
